

L'ANTICO

A woman with voluminous, curly brown hair and bright red lipstick is sitting on a dark wooden floor. She is wearing a black, sleeveless, draped dress. Her hands are resting on the floor on either side of her. The floor has a complex geometric pattern of concentric, interlocking shapes. The lighting is dramatic, highlighting her face and the texture of the floor.

Every effort is made to achieve accurate reproduction of products in this brochure, however printing limitations can be misleading. Selection of products should be made from actual samples. Samples are small pieces cut from standard tiles. They give only a general indication of the design. Tone and shading can vary slightly from batch to batch, and it is not possible to guarantee that the sample will exactly match the material supplied.
