www.karndean.co.uk

Samples swatches have been cut from an overall design, therefore decoration and shade may vary. The random nature of wood and other natural materials, from which our designs are taken, means that significant colour and design variation is normal and indeed enhances the natural look of Karndean products. We strongly advise that before ordering material, you see a physical sample of your chosen products.

Whilst every care has been taken in the printing of this brochure, the colours shown are only as accurate as the printing process will allow.

The policy of the company is one of continuous development and improvement. We reserve the right to add or delete products from the range or to change patterns and/or textures without prior notification.

Calls may be recorded for training purposes.

Karndean International owns copyright and protection on all designs.

why karndean?

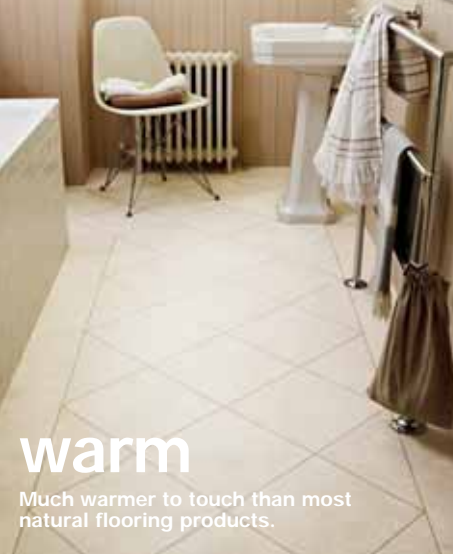

Karndean Flooring is designed to look and feel like natural flooring materials replicating all the beauty with **none of the practical drawbacks.**

Focusing on close attention to detail, Karndean has developed a process by which colours, textures and sizes are reproduced to the highest possible degree of **realism**. And, whilst being virtually indistinguishable from the materials which inspire our designs, Karndean offers significant advantages in terms of **design capability, maintenance and cost.**

Made from an exceptionally durable form of customised vinyl, **Karndean is suitable for any room in the house.**

karndean's mission statement...

To remain market leader in the growing global usage of affordable design flooring.

warm

Much warmer to touch than most natural flooring products.

durable

Karndean will not splinter, chip or crack and is extremely hard wearing.

quiet

Whereas products such as wood or laminates can be very noisy, Karndean is very quiet underfoot.

versatile

Suitable for any room in the home, even kitchens and bathrooms where natural products can be affected by water spillages.

realistic

The first thing about a Karndean floor that really grabs your attention is that it looks and feels just like the real thing.

individual

With over 100 standard products and a vast array of design components, you can create a truly individual floor.

inspired by nature, our flooring has evolved

size...

Reflecting the dimensional disparities of natural products, Karndean's extensive collection incorporates a range of planks and tiles in varying sizes. Developed to reflect the diversity of nature, these products offer a wealth of natural design options.

colour...

Recreating the colours and tones of raw materials, Karndean has carefully replicated the shade patterns of natural products. Concentrating on depth of colour tone, Karndean has accurately reproduced the colours of individual products.

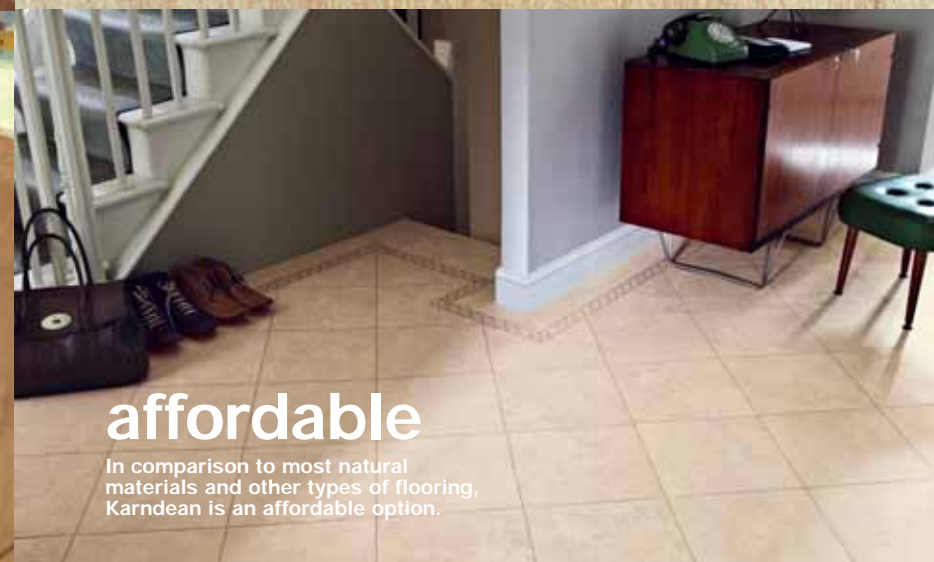

texture...

One of the unique aspects of the Karndean range is the vast array of surface finishes applied to our products. Reinterpretation of the source materials is further enhanced with accurate reproduction of the original surface textures.

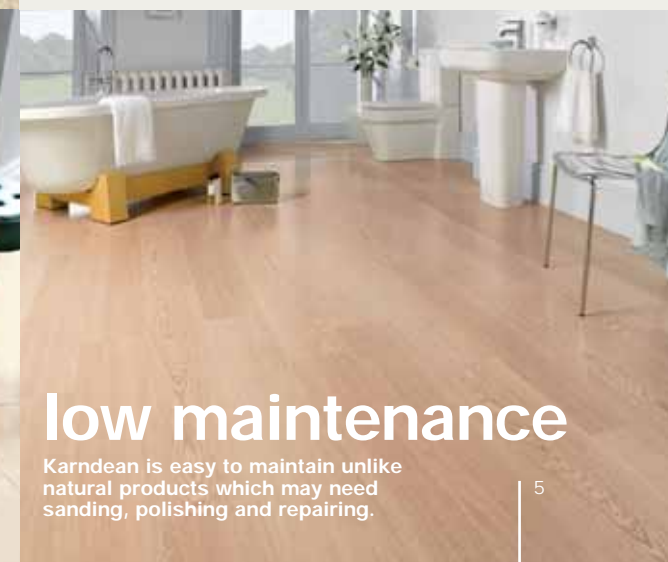

hygienic

Karndean is suitable in a family environment as it will not harbour dirt and bacteria.

affordable

In comparison to most natural materials and other types of flooring, Karndean is an affordable option.

low maintenance

Karndean is easy to maintain unlike natural products which may need sanding, polishing and repairing.

transferable purchase guarantee...

Cover it with our free Transferable Purchase Guarantee

Karndean Floors are stylish and hardwearing, hygienic and easy to clean, our beautiful floors will bring you pleasure for many years to come. To ensure it does and in the unlikely event of a defect, our free **Transferable Purchase Guarantee** will give you peace of mind and protect your investment (available in the UK and Channel Islands).

Karndean floors add even more value to your home. As Karndean's guarantee is transferable, should you sell your home the guarantee can be transferred to the buyer for the remaining period of time – adding a little extra saleable benefit to your home.

Three simple steps to registering your Karndean Transferable Purchase Guarantee

1

details

Your local Karndean Retail Partner will provide Karndean with your details, with your consent when you order your new floor in-store.

2

registration

We'll send you a Transferable Purchase Guarantee registration pack shortly after your beautiful new Karndean floor has been installed.

3

certificate

Once we've received your online confirmation or a signed registration document, we'll send you a personal Karndean Transferable Purchase Guarantee certificate pack.

How long does a Karndean Transferable Purchase Guarantee last?

The length of your Karndean **Transferable Purchase Guarantee** depends on the product range that you purchase from.

Range	Length of Transferable Purchase Guarantee	Range	Length of Transferable Purchase Guarantee
art select	Art Select Woods Collection 20 year residential guarantee	Van Gogh	15 year residential guarantee
art select	Art Select Stones – Island Limestone Collection 20 year residential guarantee	Renoir	15 year residential guarantee
art select	Art Select Stones – Tudor Brick and Glass Collection 15 year residential guarantee	Michelangelo	12 year residential guarantee
Da Vinci	20 year residential guarantee	Knight-Ridg	12 year residential guarantee

Transferring the guarantee to a new home owner is easy...

When you move home, simply leave the certificate pack for the new home buyer. They can re-register online or fill out the warranty transfer mailer provided in the pack to **transfer the guarantee** into their own name.

For more information visit www.karndean.co.uk

designing your floor...

With such a vast array of products and design possibilities to choose from, we have put together a guide to designing your floor. Your floor can be as simple or as intricate as you like, and by following the steps below, we believe you will be able to create a truly individual floor to match your décor.

1 Choosing a main colour

Tiles

Choose from the range of colour tones to complement your room's decorative palette; from natural beiges and browns to warm blues and greens. Or a specific type of tile effect such as marble, slate, terracotta, ceramic or mosaic. The most common tile size is 12" x 12", but many are also available at 16" x 16" and 12" x 18".

Woodplanks

Choose a colour tone to complement your room or a specific type of wood effect such as beech, oak, walnut or pine. Woodplanks are available in a selection of sizes, according to range.

2 Adding a decorative strip

Once you have chosen your main floor colour, you have the option of adding a decorative strip...

Strip effects for tiles

We would highly recommend adding a narrow strip to a tile floor to create a natural grouting effect.

And woodplanks

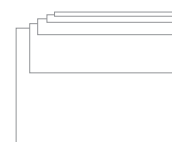

Add a strip to a woodplank floor to create an attractive ships decking effect.

Design strips

Five widths available in a wide palette of colours.

[See page 88 for more details]

Metallic strips

Five metallic colours are available in five widths of strip.

[See page 89 for more details]

Feature strips

Six colours are available in 5mm widths.

[See page 89 for more details]

3 Adding a border

If you would like to add a decorative edging to your room, you have the option of including a border. [See pages 90-103 for full details]

Decorative borders

A range of patterned borders designed specifically to complement your main floor colour.

Keyline borders

Single pieces of design and metallic strips can be specified in 3mm to 76mm widths along with 5mm Feature strips.

Tramline borders

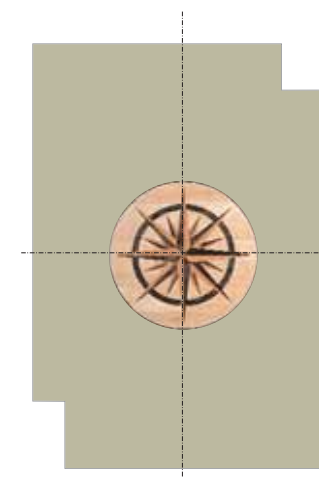

Made up using combinations of design, metallic and feature strip, Tramline border design options are endless.

4 Adding a feature

With seven standard designs to choose from, a feature can add a central focal point to your room. Typically measuring 36" in diameter, a feature can be specified using most products from the collection.

[See pages 104 and 105 for full details]

decorative strips...

To complete the desired effect for your floor, add a Decorative Strip. Strips are placed between tiles to create a natural grouting effect or to enhance the design of your floor. Choose from any of these three types of strip...

Design strips

The most effective type of decorative strip is a Design Strip. A Design Strip has been cut from an actual tile or woodplank. There is a versatile pallet of colours to choose from with varying tones and textures each of which are available in five widths: 3, 5, 10, 30 and 76mm.

Strips available for use with Da Vinci and Renoir floors.
† Only suitable for use in Tramline Borders.

SS6 Cotswold

VG6 Lime

RP04 Scandinavian Beech

RP11 American Oak

RP12 Indian Teak

RP13 French Chestnut

VG5 Burnt Ginger

RP41 Australian Walnut

Choosing a Design Strip is as easy as 1 2 3...

1. Check which strips are compatible with your floor.
2. Choose which colour best suits your floor.
3. Decide how wide you want your strip (see width chart opposite).

Strips available for use with Da Vinci, Renoir and Michelangelo floors.
* Due to Da Vinci's bevelled edge, only these strips can be used between planks or tiles.

REN34 Utah

SS6 Cotswold

J86 Gold

P504 Beechwood

MP3 Burnt Ash

P707 Honey Beech

P702 Golden Teak

P802 Mahogany

J89 Mercury

MLC08 Atomic

MLC07 Comet

MS1 Galician Quartz

This strip is only available in 10, 30 and 76mm widths.

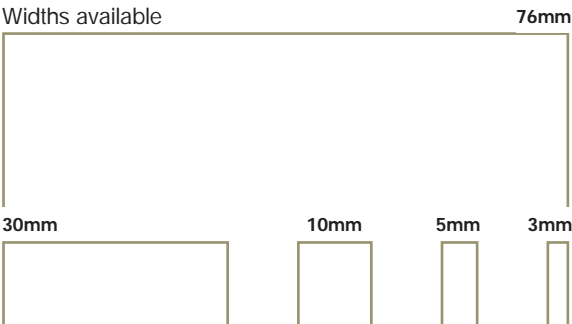

MS2 Navarra Chalk

This strip is only available in 10, 30 and 76mm widths.

MX93 Neopolitan Brick

We recommend only using this strip in 10, 30 and 76mm widths.

Strips available for use with Knight-Tile floors.

ST5 Soapstone

ST1 Sandstone

KP23 Rosewood

T88 Onyx

T100 Orkney

MX93 Neopolitan Brick

We recommend only using this strip in 10, 30 and 76mm widths.

Feature strips

Available in a range of six colours at 5mm wide, Karndean Feature Strips can be used on tile floors to give the effect of a natural grout line. They can also be used to create a very subtle border or ships decking effect to complement woodplanks.

Strips for use with Da Vinci, Renoir, Michelangelo and Knight-Tile floors.
* Due to Da Vinci's bevelled edge, only these strips can be used between planks or tiles.

Beige

Black

Brown

Gold

Grey

Light Brown

Metallic strips

Available in five stunning colours, Karndean Metallic Strips give a contemporary feel to any Karndean floor. Offered in a choice of five widths (3, 5, 10, 30 and 76mm), Metallic Strips are particularly effective in 3mm and 5mm widths.

Strips for use with Da Vinci, Renoir, Michelangelo and Knight-Tile floors.
* Due to Da Vinci's bevelled edge, only these strips can be used between planks or tiles.

Blue

Copper

Gold

Purple

Silver

Karndean design components are cut from an overall design, therefore decoration and shade may vary. The random nature of wood and other natural materials, from which our designs are taken, means that significant colour and design variation is normal and indeed enhances the natural look of the design components.

borders...

If you want to add personality to your Karndean floor, you might decide to incorporate one of our border options. Borders are available in a wide range of designs so you'll be able to choose one to suit the style of your room.

Tramline borders

A simple and affordable way of creating a decorative edging around your room is to include a Tramline border.

Tramline borders are easy to choose and are made up of a combination of Design, Feature and Metallic Strips (see page 88-89) giving you an array of widths and colours to choose from.

Creating a Tramline border

To create a Tramline border follow the simple steps below:

- 1. Choose a colour of Design, Metallic or Feature Strip which is contrasting to the colour of your main floor.
- 2. Decide on the combination of strip widths. See examples below for inspiration...

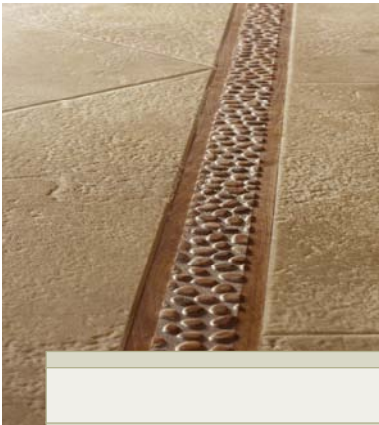

Examples of Tramline borders

3/10/3 (3mm 10mm 3mm)

5/30/5 (5mm 30mm 5mm)

10/30/10 (10mm 30mm 10mm)

3/10/3/30/3/10/3
(3mm 10mm 3mm 30mm 3mm 10mm 3mm)

3/10/3/Full Plank/3/10/3
(3mm 10mm 3mm Full Plank 3mm 10mm 3mm)

Need help with your design choice?

Decorative borders

Add a sense of style and finesse to your floor with the inclusion of a Decorative border. A vast array of Karndean products have a decorative border to choose from, each of which has been carefully selected by the experienced Karndean Design Team to complement your floor.

Each border is made up of a background and inset colour:

Background Colour
To ensure that the border ties in with your main floor, the background colour is the same as your main floor colour.

Inset Colour
This will have been chosen from a contrasting product colour to create a defined look.

Corner
Each border is complemented with a specific corner design.

Example shown: Block Border **KP70 | D504**

Example shown: Pulse Border **ST4 | ST1**

Example shown: Pyramid Border **VG6 | VG5**

standard decorative borders...

Karndean designers have selected, especially for you, an assortment of standard decorative border options to accompany Da Vinci tiles. These range from subtle light tones to distinct colour contrasts, in a selection of stylish designs.

Can't find what you're looking for?

Tramline Borders

You also have the option of choosing a Tramline Border with the use of Design, Metallic and/or Feature Strips. See page 90 for details.

Custom-Made Borders

At Karndean we know only too well that each floor is individual. If none of the standard borders shown are what you're looking for, why not have a border custom-made for you? Karndean's **Custom-Made Border Service*** enables you to choose any of our border patterns, in your choice of colour combinations. Please speak to your local retailer for more details.

To find your local retailer call **01386 820100** or visit **www.karndean.co.uk**

features...

A feature is the perfect way to add a centre piece to your floor. Available in seven different designs, as with our borders, these are custom made and available in most colours. The standard size of a feature is 3ft diameter and can be scaled up or down upon request.

Features are made up of background and inset products in the same way as our borders. Again, for the most harmonious results, we recommend the background colour matches that of your main floor.

FloorStyle, is Karndean's exclusive design program. It gives you the chance to try out designs and colours on your PC.

Download it free now at www.karndean.co.uk

Karndean Design Components are cut from an overall design, therefore decoration and shade may vary. The random nature of wood and other natural materials, from which our designs are taken, means that significant colour and design variation is normal and indeed enhances the natural look of the design components.

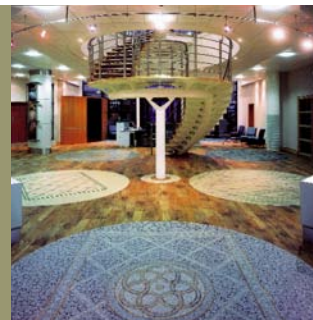

help and advice...

cleaning and maintenance...

Having problems deciding which design to choose?

Chosen your floor design but would like to see it in a larger area?

Like some expert advice about creating a Karndean floor?

Curious as to what a Karndean floor actually looks and feels like?

Karndean Design Flooring has all the answers!

Visit the Karndean Design Showroom

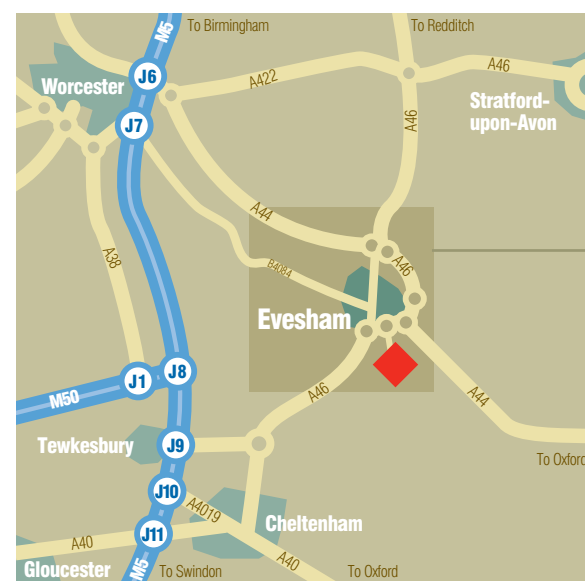

Situated at our headquarters in the Vale of Evesham, our Design Showroom has welcomed thousands of visitors in search of floor design inspiration since opening its doors in 2003. Providing the UK's most exciting and comprehensive display of Karndean Flooring, spectacularly presented in over 500m² of space.

People visit us from all over the country, so why not come and experience it for yourself? Simply pop in or call to book an appointment and one of our expert advisers can have some inspirational design ideas ready for your arrival.

Call the Showroom on 01386 820181.

At the showroom, you can...

- **Get free help and expert advice**
- **Browse the extensive gallery area**
- **Experience the texture, colour and scale of real products**
- **Discuss ideas over a cup of coffee**
- **Experiment with real products**
- **Try FloorStyle, our computer-based design program**

Opening Times

Monday – Saturday
9.00am – 5.00pm

Sunday
10.00am – 4.00pm

Please visit www.karndean.co.uk for Bank Holiday opening hours, more Showroom information, full directions and printable maps.

A beautiful, impressive Showroom which has great facilities for visitors and the staff were extremely courteous... a very useful visit over all.
Dr Patel, Coventry

Your Showroom in Evesham is a brilliant customer option. It allows a super view of the product and the staff are extremely helpful. Even more importantly when fitted, the floors are a real asset to any home!
Mr & Mrs Carmichael, Nottingham

Local Independent Retail Partners

Our Independent Retail Partners are carefully selected for their expertise. They can offer the highest quality design floor service to help create a fabulous, unique effect in any home. And we're proud to have them as part of the Karndean family.

Your retailer will provide:

- Advice on design choice
- Comprehensive displays and product stands
- Samples to take home
- Measure and quote service
- Pre-installation advice
- Professional fitting service

On your doorstep: Why not find your nearest retailer now. Call our Consumer Enquiries Team on **01386 820100** or visit our website www.karndean.co.uk

Who says beauty is only skin deep?

We have a philosophy here at Karndean: 'Simply Beautiful Floors'. This means that not only will our floors look simply beautiful in your home, but you will also find them beautifully simple to care for. It is all thanks to our unique surface protection system – K-Guard+.

The K-Guard+ system is a core part of all our products. This system uses PU technology to work as a barrier against the punishment of daily life... protecting against scuff marks, stains and fine scratches, so your floors stay looking as good as they did when they were first installed.

Unlike many types of flooring, with the K-Guard+ system you won't need to apply any additional surface treatment to your new floor.

During the life of your floor you may wish to rejuvenate it from time to time, and you can do so easily using Karndean 'Refresh' Floor Protector.

In keeping with our commitment to the environment, all Karndean floor care solutions are environmentally friendly, and all surfactants used are 100% biodegradable.

For further details, visit www.karndean.co.uk, speak to your Karndean retailer or call the Consumer Enquiries Line on 01386 820100.

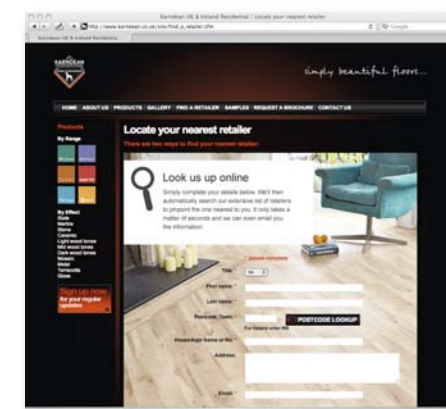

Note: Although we recommend the continued use of our three-stage floor care system, to qualify for our product guarantee it is essential that the routine cleaner is used.

website...

Log on to the new fully interactive and inspirational website and you can sign up for our e-newsletter to find out about our new products and news first. Find all the information you need to progress through your Karndean flooring journey at: **www.karndean.co.uk**

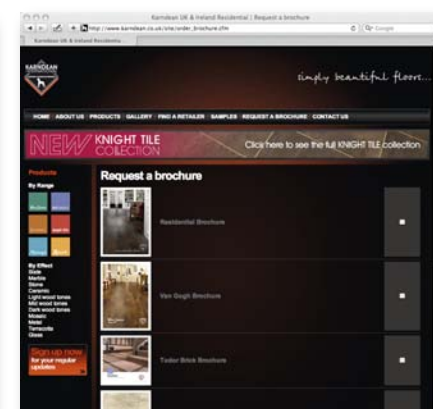

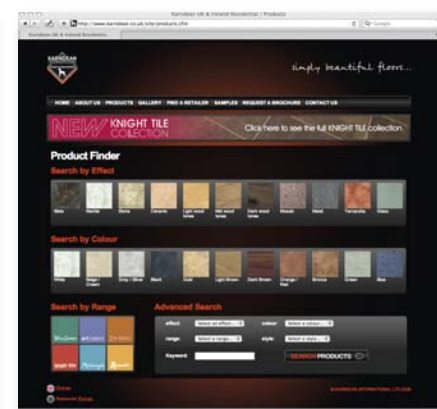

Find your nearest retailer

— We'll automatically search our extensive list of retailers to pinpoint the nearest one to you. It only takes a matter of seconds and we can even email you the information.

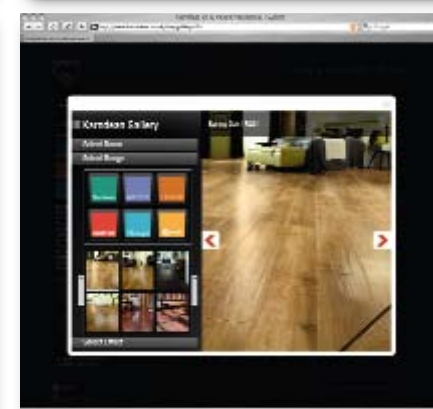

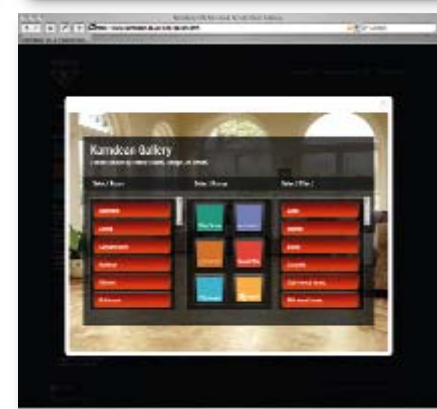

Order samples or request a brochure

— You can request free samples or brochures from the comfort of your own home and we'll deliver your order directly to your door.

Gallery

— Get inspired within the Gallery, where you can view our beautiful lifestyle photography – images that can help you get inspired to recreate the look in your own home.

Video

— Within the website you will find video that will help inform and inspire you on the Karndean Story and our Products. Hear it direct from our customers in a dedicated section on Customer Testimonials.

design program...

Karndean floorstyle

interactive floor design program

FloorStyle is Karndean's fully interactive floor design program, built to bring your design ideas to life.

Design and create your own highly individual floor based on our vast array of colours, textures and design components.

Starting with a blank canvas, it's simple to experiment with floor layouts, tones and textures to complement your room's existing colour scheme, adding and changing borders, features and decorative strips as you like.

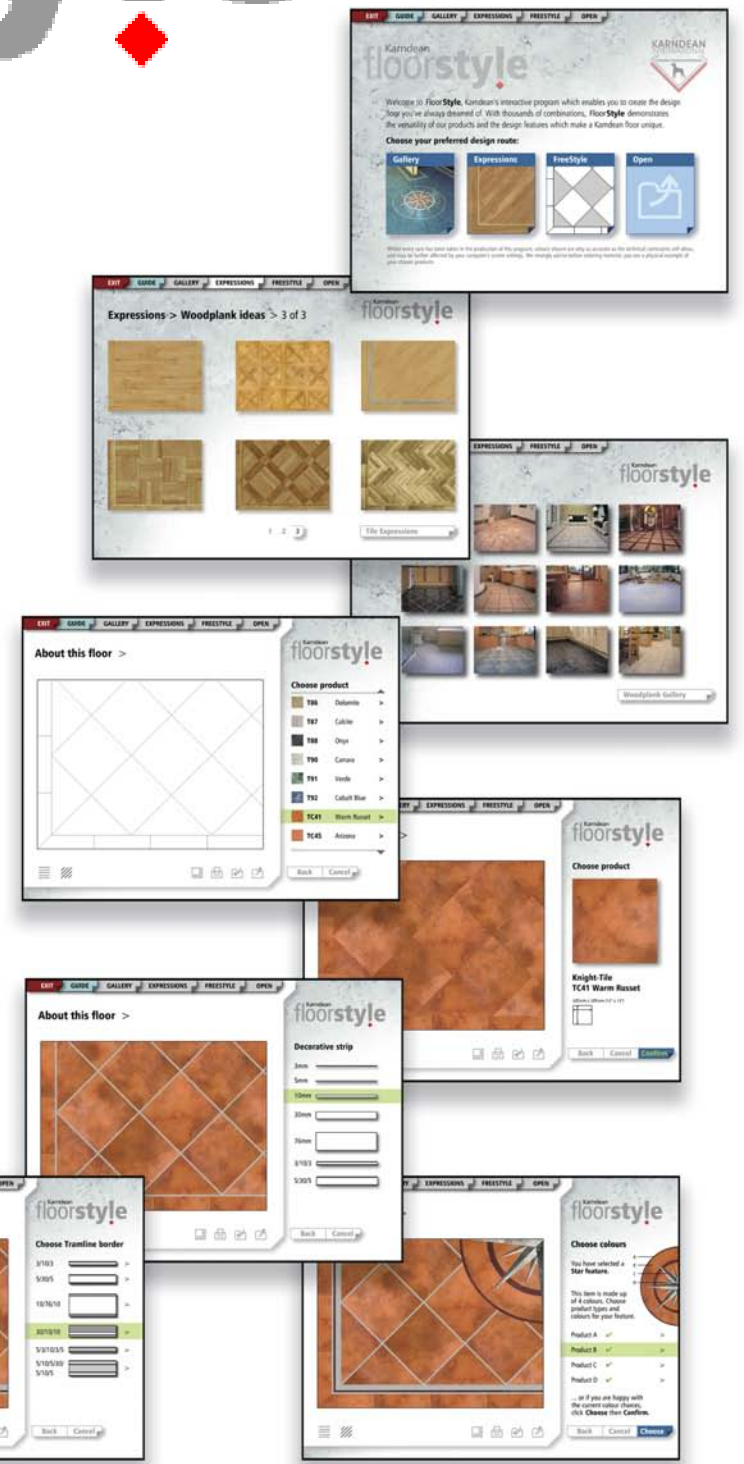

Maybe it's inspiration you need? FloorStyle provides dozens of examples upon which to base your design.

Log on to **www.karndean.co.uk**

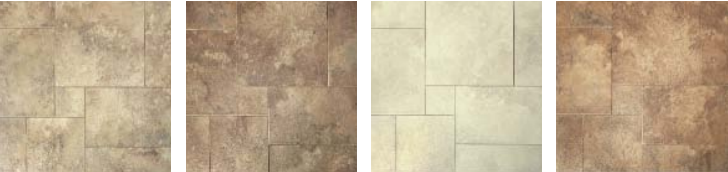

download and install the program to create
