rubber works

# Dalhaus

## Rubber works...

For all kinds of commercial flooring installations, rubber is a smart choice. Tough enough to take the heaviest punishment, yet colourful, beautiful, tactile, warm and soft. From silky smooth to textured, it offers excellent slip resistance and absorbs both impact and sound much more effectively than other hard floors.

Rubber is often dismissed as an expensive option compared to other resilient floorings. We have launched Dalhaus to prove this doesn't have to be the case.

DalRollo

DalChoc

DalWerk

Now you can have all the benefits of a great quality rubber floor without the high price tag. Yet there's no compromise on design flexibility. With our DalWerk and DalRollo Silk ranges we can make you any colour you like, subject to minimum quantities. We can even copy any other manufacturer's colours. We hold stock of the best selling colours, for when you're in a hurry.

Dalhaus covers all the bases, with ranges of rubber for indoor and outdoor commercial use, in tile and roll format. So when it comes to resilient flooring, now there's only one place you need to look.

For more information, samples and prices, call us on 01278 727727, email [info@dalhaus.co.uk](mailto:info@dalhaus.co.uk) or visit our website at [www.dalhaus.co.uk](http://www.dalhaus.co.uk)

...and now the costs won't floor you.

## Hard working textured rubber tiles

Our brand new range of cost effective rubber tiles, in four different surface textures. Choose from our standard colour palette shown below, or for larger jobs (300m<sup>2</sup> plus) you can request any colour you like, even one from another manufacturer, and we will match it for you. We always carry stock so if you need a floor urgently, just ask.

### Uses

Indoor surfaces and floors

### Performance characteristics

Anti-slip (R9 compliant), anti-static, noise-absorbent, surface burn resistant, tough, easy to maintain

Special colours are available for all three ranges subject to a minimum order quantity. Contact us for details.

# Sportlock

## Interlocking tiles for the toughest sports installations

Specialist heavy duty loose lay interlock tiles for sports use. Hammerblow surface, ideal for high traffic and high stress areas. Available in plain solid colours and terrazzo finishes. Contact us for more information on minimum order quantities, special qualities and colour choice.

**Uses** Sports clubs, skating rinks, gymnasia, weightlifting areas, golf clubs, leisure centres

**Performance characteristics** Anti slip, anti reflective, ice skate resistant, shock absorbing

caption

## Important Information

### Technical

For information on installation, maintenance, adhesives and accessories please visit [dalhaus.co.uk](http://dalhaus.co.uk) or email [info@dalhaus.com](mailto:info@dalhaus.com)

### Slip resistance

Dalhaus rubber is designed to offer a good degree of slip resistance underfoot in dry conditions. However, it can still be slippery when wet. To minimise the risk of slippage, it is important to use effective entrance matting around all external entrances, and to use signs when cleaning takes place.

### Colour reproduction

The colours shown in this brochure are as accurate as possible given the limitations of the colour printing process. For an exact colour match, ask us for a real colour sample.

### Special colours

For those products where special colours are available, Dalhaus will achieve the best possible colour match bearing in mind that colours may vary between different materials, and that colour appearance will vary based on lighting conditions and angle of view.

# Technical Data

For complete and up to date technical information visit [www.dalhaus.co.uk](http://www.dalhaus.co.uk)

## DalRollo Silk and DalRollazzo

### Roll size

12m x 1.22m. Available in full rolls only

### Thickness

2mm as standard normally kept on stock, other thicknesses available upon request subject to minimum order requirements. Please contact us for further information.

### Delivery quantities

Dalhaus reserves the right to deliver excess material up to a maximum of +5% for orders up to 1000 m<sup>2</sup> and +2% for orders over 1000 m<sup>2</sup>. These excess quantities will be fully invoiced. We also reserve the right to ship shorter rolls to make up the full quantity of the order. These shorter rolls will not exceed 10% of the total order. For exact quantities and sizes a 10% surcharge will be applied.

## DalLastic

### Tile size

500mm x 500mm

DalLastic tiles, except Polygrass, are supplied with bevelled edges and are available in half tile 500mm x 250mm. Tiles are UV stabilised, 100% recycled rubber fibre bound with coloured polyurethane resin in natural earthy tones that blend with the environment.

### Thickness

30mm - 100mm dependant on fall height requirements.

## DalZone and DalOmni

### Roll size/Thickness

1250mm wide, all thicknesses.

Roll length varies by product thickness as follows:

Thickness	Roll length
4mm	30 metres
6mm	20 metres
8mm	15 metres

Available in full rolls only.

### Thickness

#### DalZone

4mm, 6mm, 8mm (other thicknesses available on special order)

#### DalOmni

4mm (other thicknesses available on special order)

### Splitting lines

Splitting lines are a natural feature of this product and will always occur.

### Standards and certification

For up to date information visit [www.dalhaus.co.uk](http://www.dalhaus.co.uk)

## DalChoc

### Roll size/Thickness

1500mm wide, all thicknesses.

Roll length varies by product thickness as follows:

Thickness	Roll length
4mm	30 metres
5mm	24 metres
6mm	20 metres
8mm	15 metres
10mm	12 metres
12mm	10 metres

Available in full rolls only.

### Thickness

Standard 15% density available in 4, 5, 6, 8, 10, 12mm thickness. Non standard densities available in 6mm (other thicknesses available on special order).

### Splitting lines

Splitting lines are a natural feature of this product and will always occur.

### Delivery quantities: DalZone, Dal Omni, DalChoc

Dalhaus reserves the right to ship shorter rolls to make up the full quantity of the order. These shorter rolls will not exceed 10% of the total order.

## DalWerk
